Date .....

### To Whom It May Concern

Gyuto Vajrayana Center based in San Jose, California since 2001 is a branch center of our monastery the Gyuto Tantric Monastic University.

Gyuto Vajrayana Center has been providing teachings, and offering pujas and prayers for community. Recently, in April 2007 the Gyuto Vajrayana Center hosted His Holiness the Dalai Lama for three days and organized teachings in San Francisco which turned out very successful. His Holiness the Dalai Lama also advised Gyuto Vajrayana Center to continue with its humanitarian works for the sake of Dharna.

The Center has maintained very close association with the main monastery here and since its foundation the Gyuto Vajrayana Center has been very supportive to the main monastery in more ways than one. At this point the Gyuto Vajrayana Center is greatly in need of a bigger prayer hall as well as proper living quarters for the resident teacher and the visiting monks. With this in view the Director of the Center venerable Thupten Donyo is visiting Taiwan and other countries to raise funds for the center. Therefore, we are requesting all our friends and sponsors to support the Gyuto Vajrayana Center's building projects in whatever manner you can.

i, on behalf of all the venerable monks of Gyuto monastery, would like to thank all our benefactors for supporting Gyuto monastery and its branch centers.

Sincerely,

Sonam Pasang
